

Higher Applications Past Paper Revision

To be fully prepared for your final **Higher Applications exam** in **May** it is essential that you work systematically through past paper questions. You should attempt **at least one paper per week** between now and the start of study leave. Don't forget that study support is available **every lunchtime and every day after school** in the maths department.

You can access all **Past Papers** and **Solutions** at www.madrasmaths.com by choosing Higher Applications from the Revision tab. Full video solutions are available on <http://www.youtube.com> from Clelland Maths <https://www.youtube.com/playlist?list=PLBO60JrapqvBNanRaLIFq8XiLqBjPdrEH>

Please work through the papers indicated below and use the solutions to mark your work.

Note the numbers of questions you need help with and ask about these in class or at study support.

You teacher will ask to see your jotter regularly to check on your progress.

Week Beginning	Year		Questions to ask about
31 March	Specimen Paper	Whole paper	
Easter Holidays	2022	Whole Paper	
21 April	2023	Whole paper	
Study Leave	2024	Whole Paper	

Given that there are only 4 Papers to choose from, it will be VERY useful to attempt these more than once. Practice and repetition of the SQA questions will be excellent preparation for the final exam, there are only so many types of questions that the exam board can ask and each one is represented in the above questions.
